Keeping Track...

Our edublog has links to individual class blogs – you can even leave a comment

<http://sandhillschool.edublogs.org/>

Our coffee morning and toddler groups are up and running again

We would love to see you there.

School Newsletter
7th September 2016

It's good to be back!

We're looking forward to our first full week back at school.

Our after school clubs will be up and running – please make sure any permission letters are sent back to school as soon as possible to ensure your child has a place.

We have sent out updated permission books (the missing sheet will be sent out to all pupils) and walking to school permission slips – please send these back in to school as soon as possible to ensure our records are up to date.

We have a busy few weeks ahead with visitors popping into school for lots of reasons – poetry, red cross volunteers and First Class Photos. This week our focus includes celebrating Roald Dahl who would be 100 years old this year – we can't wait for some wonderful Roald Dahl costumes on Friday 16th September.

Please be aware that the soft play outside the key stage one is going to be repaired this term – we have had the safety of the equipment checked and have been informed it is still safe to use. Please ensure your children are supervised using the equipment before and after school.

Children and parents should not enter the nursery playground until a member of staff opens the gate; this is to ensure that equipment set up by staff is ready to use in the day and the children remain safe.

Thank you in advance for your support.

The next newsletter will be out on: Friday 23rd September

Yours in Partnership

Miss K Beech
